Class Levels: We offer two levels of dancing for classes. The effectiveness of workshop teachers is often hampered when the ability of dancers in a class is less than expected for that class. As a courtesy to the workshop teacher and fellow dancers, please consider your level of dancing when comparing it with the class level descriptions. If you are not sure, please ask your regular teacher.

Level 1 is for the less experienced dancer or those who enjoy dancing at a less challenging level. Dancers should be able to dance a basic dance after walking through from each position.

Level 2 is for the more experienced dancer who has a working knowledge of all basic steps and common figures; is learning more advanced figures; is able to dance an unfamiliar dance with common figures without help after only one walk-through; and can correct own errors by the beginning of the next phrase.

Reduced Early Bird Fee before 2/17/24 (Lunch Included for all.)
